Christmas Recipe

Poet: Gay Dowling

A pound of fun
And a pound of joy
Make a nice present
For a girl or boy.

A cup of goodness
And a cup of love
Really are gifts
From heaven above.

A pinch of holly
And a pinch of pine -
Now, we know
It's Christmas time.

ADEL GRANT

Adel started skating when she was 3 years old. She wanted to play hockey like her cousin. With time she found herself drawn to figure skating instead. She works with Coach Mark and Coach Tamara. She is currently working on her novice moves in the field and her double toe loop jump. She competes at the preliminary level. Her favorite thing about skating is the excitement of performing her very best at a competition. She enjoys working on moves and edges. Her skating goal is to compete for Team USA and maybe go to the Olympics.

Adel is 11 years old and a 6th grader at Meadow Glen Middle School. Her favorite subject in school is math. This year, she is taking a drama class and surprisingly loves it! In the future, she would like to become a lawyer or a teacher as well as an ice-skating coach. She has taken to music and is currently learning to play the clarinet; she plans to learn the drums next year. An interesting fact is that she is the vice president of a group at school called "Friends of the Glenn"; their goal is to encourage students to seek out other students who are alone at lunch and plan school-wide bullying prevention programs.
